Vol. 68

This is the story of our high school careers; a collection of memories we have gathered during our never-ending journey of self discovery. In between studying for history and panicking about a math test we were experiencing some of the best years of our lives. These memories are a part of the never-ending circle of past, present, and future. The future is upon us and today will soon be part of the past. As we head into our bright futures we must not forget the stages of the circle that we experienced since entering high school. Many years from now we will be able to turn back the pages of this yearbook and remember all the wonderful times we had in high school. The yearbook is filled with the memories we gathered during those years; memories of our achievements and of the friendships we've made. Whether negative or positive, these memories are not soon to be forgotten. The yearbook is a collage of the great times we have had, our favorite memories, our favorite friends. These are the days never to be forgotten.

Welcome to my locker! Stacy Casillio looked a little too happy for so early in the morning.

Three more upperclassmen made their way to the student parking lot. Many students drove to school on their first day.

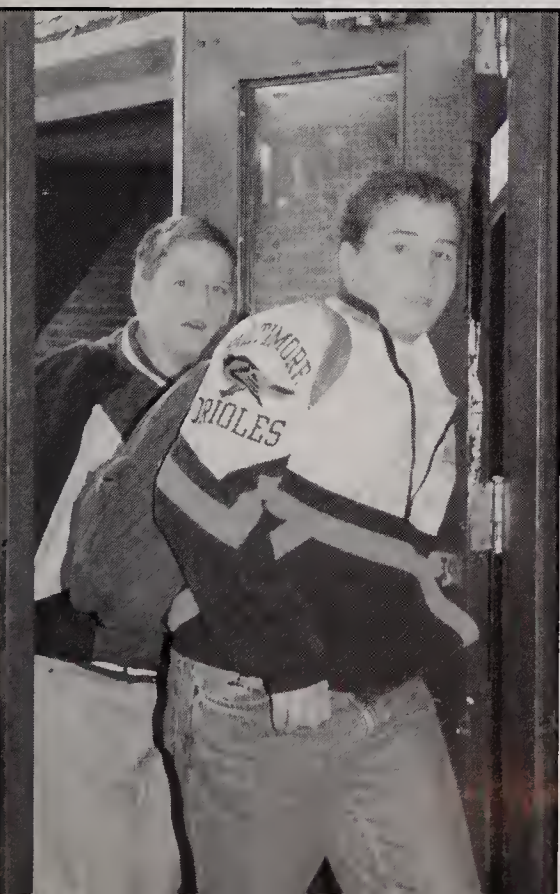

Day 1

Where's the room? Brenda Symmes had Dan Shea help her find her next class.

An underclassmen got off the bus and eagerly made her way into the building.

"What's that?" Says Brian Thompson as he followed Andrew Douglas through the field house door on his way to homeroom.

Heidi Mikesh, Alissa Ferland, and Samantha Bushy exchanged class schedules as most friends do on the first day.

Through The

Can you believe that we were ever that young? In the fall of 1990 we entered this school as lost and confused eighth graders, the first eighth grade class to enter FHS! In 1996 we left as seniors to pursue new hopes and dreams as well as new beginnings, just as you did on that cool fall day in 1990 when you entered FHS for the first time. As you continue your life, never forget when you were that lost eighth grader who accidentally waltzed into a senior AP class, realized you were on the wrong floor, and got laughed at. But, through the years you have become wiser, older, smarter, and some of us even more mature. Whatever you do, wherever you go, and whenever you start something new, always remember your first day at FHS!

ISN'T SHE IN COLLEGE NOW?

Thea Vandervelde left school a year early to pursue her interest of Marine Biology.

I KNOW SOMETHING YOU DON'T KNOW! Kevin Babbitt smiled at the thought of figuring out something before the rest of us.

MY, HOW YOU HAVE GROWN! As eighth graders, you were really that small. Look at the big hair they have! Remember that puff???

ARE WE HAVING FUN YET? Chris Turio looked ever so thrilled to be in class.

ANTHONY LIPIZZI, SO WHAT'S IN THE BAG? As eighth graders, lots of kids carried their school bags all day.

Years

I GOT IT! Mary-Beth Rapko smiled as she began to understand a new language.

ARE YOU SERIOUS? Amy Dearth was caught by surprise as a photographer snapped her picture.

CAN'T YOU SEE I'M BUSY? Rachael Sangster tried to take an algebra test.

Carissa Langille, ever so studious but not yet wearing two different socks.

SAY CHEESE! Molly Grimes paused to smile for the camera.

Unstoppable

Franklin athletes pushed themselves to the limit to bring home the gold.

*T*eeing off!- Jason Zanetti sent the ball screaming down the fairway for a hopeful hole in one!

*W*ind up, and the pitch! What a throw by Laine Kittredge in one of her best games yet.

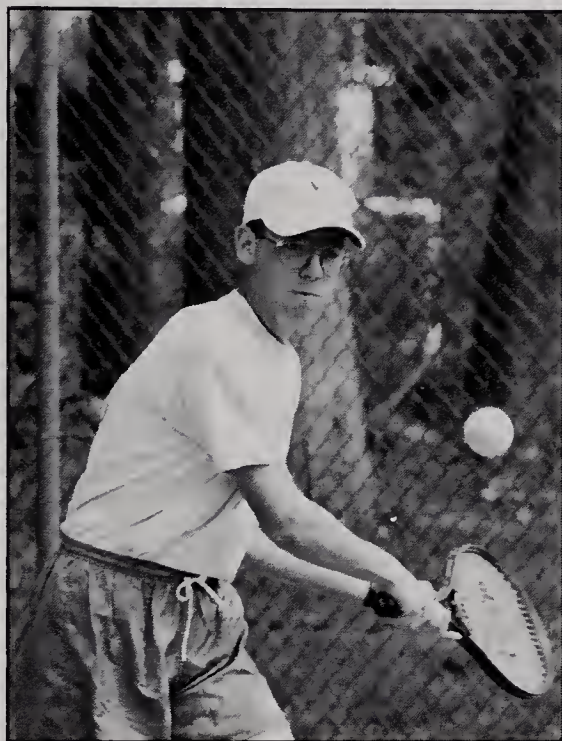

*A*lmost down! Ted Lynch fought to keep the opponent from knocking him down.

Coming up for the attack-Jenny Swenson attacked her prey, keeping the opponent from scoring a goal.

Prepare to lose! Drew Wagner prepared to swat the ball over the net with all his force.

Perfect landing! Darcy Langlais made a perfect landing off the uneven bars.

olley that ball! Lauren Prentice bumped the opposing serve with all her might.

This year we won some and lost some but we never lost our Franklin High School Spirit! From killer serves in volleyball, great landings in gymnastics, killer attacks in soccer, great pitches in softball, awesome tees in golf, and struggles pinned in FHS can't Our athletes worked amazingly hard, it made their spirit hard to beat. Even when an FHS team lost, their great sportsmanship and spirit could never be beat.

"Pride is not just a saying for FHS Athletes, it's a way of life"

Mr. Pasquerosa
Athletic Director.

Senior Class

2 of 96'

Time to lay back and type. Yearbook members Amanda Ashe and Jaimie Wyllie worked on typing the Senior copy for the yearbook.

School's Out

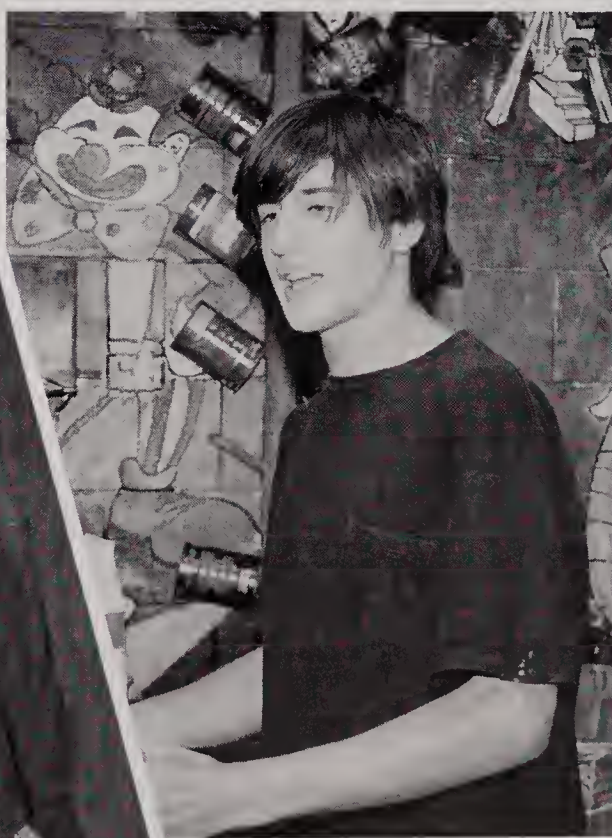

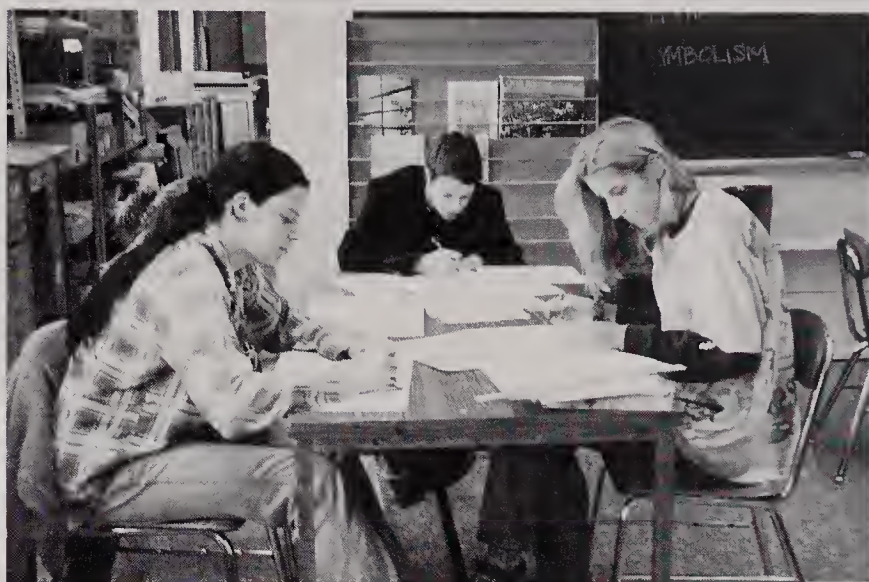

Many Franklin High School students enjoyed afterschool activities such as different sports and clubs. These clubs and sports built FHS's character. The best way to meet someone with lots of spirit and the same interest was to join the FHS club of your choice. Whether you're an athlete or not, FHS afterschool activities were it!

Field Hockey time! After an exhausting day at school, dedicated player Meghan Connolly headed to the hockey field.

Hard at work Alicia and Sara Casilio and Jessica Daniels looked serious while deciding on what to draw during Art Club.

Hmm.. which color? Nate Mulliken looked confused while looking for the correct color of paint to use on his masterpiece.

Aren't they cute! Happy couple Dan Killoren and Resa Brandfonbrener head out after a long day of school.

Nobody will find me! Melissa Herriford hid under the stage during study in the lecture hall. Students were often sent to the lecture hall "to study and do work."

Matt Stockbridge slowly dug his way out of the sand. Many Juniors enjoyed the beach during the summer months.

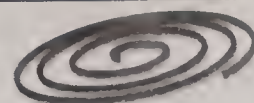

We know you love us! Sarah Muir, Hina Patel, Mrs. Menize, Alison Hawkins, Adam Garnett showed their smiles.

Do you see what I see? Chris Gustavsen focused his video camera on the show.

Personalities

Franklin students enjoyed a wide variety of activities out of school. These activities ranged from a walk in the common to a day at Cape Cod. Each personality expressed itself in its' own individual way.

BOOM! Mike Palmer prepares to launch a kick ball held by Kevin Babbitt. In addition to the planned activities, impromptu games spontaneously appeared.

Aimee Pasquarosa looked surprised as the camera caught her in the midst of dinner. The picnic was catered and the food was great.

The best of friends, Maria Lampasona, Danielle Briggs, Keri Skog, and Erica Waring joined together for the first of many senior activities.

WANNA SHARE? Carol Dancy gave us a look at the delicious food that was served.

Dining Out

The music was blasting, the food was great and the weather was perfect. The last day of summer set the stage for the senior picnic that was held on the softball field. Numerous seniors got a chance to see each other and catch up after the long summer that kept them apart.

Chris Gustavson and Allan Peterson, the DJ's for the picnic, smiled for the camera. They were always willing to help.

CRUNCH! Jess Ewing bit into her corn as Jaime Helmuth laughingly looked on. Corn on the cob can be a noisy and messy food.

In the Beginning

Smile! Laura McCelvey showed us her beautiful smile during lunch. Lunch was often the 8th grades only break of the day.

Say hello to the newest members of Franklin High! This year's 8th grade class was better than ever! They were full of spirit and lots of fun! After their first confusing, "Oops, I went to the wrong class, can't open my locker," weeks they finally were settled at FHS. Ready to circle through four more great years at FHS!

Lunch Break! Dianna Goode, Katlyn Adams, and Katie McCray took a break from carrying all those books for lunch. Many 8th grades often couldn't open their lockers and had to carry their books around.

Time to Relax! Becky Eilers smiled for the camera while taking a break from working hard during science.

Soccer Buds! Meghan Caufield and Kristen Maris had soccer written all over their faces.

"We may yet outgrow our overriding obsession to survive. That's why I encourage everyone to take chances, to court danger, to welcome anxiety, to flaunt insecurities, to rock every boat, and always cut against the grain. By pushing it, goosing it along whenever possible, we may speed up the process, the process by which the need for playfulness and Liberty becomes stronger than the need for comfort and security."

It all started five years ago as we became the first eighth graders to enter Franklin High School. Adjusting to high school life was difficult at first, but the Class of 96 paved the way for future eighth graders.

During our five years here, our class participated in many fundraisers. Some were successes, such as the Burger King fundraiser and the boxer shorts sale. Others weren't as successful, such as the infamous tree sale.

These fundraisers allowed us to experience the culture of "New York, New York" at our freshman banquet. And of course, those who participated in the annual Whale Watch learned firsthand how many of our classmates don't have a stomach for the sea. Freshman year was also the year we became earth-conscious and initiated the recycling craze at Franklin High.

Sophomore year brought us "Masquarade", a memorable night for all. Everyone had a good time at the pizza party where we got to receive our class rings.

Junior year was highlighted by the prom, where the theme was "We've Got Tonight". Everyone did the prom their own way, whether it was limos or school buses. This year also began the college search for many, which included taking the PSAT's and SAT's. School spirit grew again this year with the revival of pep rallies. We welcomed Mr. Smith back to Franklin High School this year as our new principal, and he brought an Alternative Disciplinary Program.

Our fifth and final year at Franklin High School began with a Senior Picnic - everyone who attended had a good time. Many changes occurred this year, including an extra six minutes of school everyday and the banning of hats. Preparations for graduation were on the rise as many students bought their caps, gowns, and yearbooks. But we still had some time left, which we filled with our Senior Banquet, one night we'll never forget. Also we had a great breakfast with our classmates, seeing them one last time before graduation. We were the first to make it through five years and we made it together. Good luck 96.

A NIGHT TO REMEMBER!

Oh, What A Night!

The most anticipated event of our high school years had finally come! The night when everything is supposed to happen, May 19, 1995. Remember it? Hope so... because it was a really rockin' time. Guys you never thought would shed their football shirts showed up in tuxes; The jackets were soon to be removed, but still the thought was there. The jeans, flannels, tee-shirts and Docs were traded in for sequined dresses, gowns, high heels and hair spray. We danced, we talked, we screamed, we laughed; you know all the traditional prom stuff but it was ours and that's why it was so special: "We've Got Tonight" at the Tara Sheraton in Framingham.

PRESENTING THE ROYAL COURT OF PROM 95; Princes-Brian Schlitzer and Joe McCann, King-Tony D'Amato, Queen-Amy Dearth, Princesses-Laine Kittredge and Jen Klaus

LOOKING COOL. Brendan Nolan, Matt Brunelli, Keith Nelson, Jason Gentili, Jason Zanetti, and Ken Cho, looking extremely handsome at the prom.

HOW LOW CAN YOU GO? Bobby Schultz gives the limbo one last try.

A BUS? At the prom? This group of kids decided to seek an alternative means of transportation instead of the traditional limo.

HE'S MINE! Laura Bassignani holds onto her prom date Jason Bouzan.

Kira Chamberlain gettin' ELECTRIC!

TAKIN' A BREAK. Nate Mulliken, Kevin Fisher and Joe Cahoon take a time out from the crazy prom atmosphere for a drink

FRIENDS 4-EVER! Lesley Douglas, Christine Souza and Bridget Russo take a time out from the excitement to pose for a picture

GO BIG BLUE! FHS Cheerleaders showed their school spirit during the halftime show.

GOTTA WEAR SHADES! Declan O'Connell looked cool in his shades at the Home Coming dance.

LET'S HUDDLE! Kristin Pecci, Carol Dancy, MaryBeth Rapko, Kristy McNeil, Julie Tomasetti, Nicole Boudreau and Nick Writenour huddled together to keep warm at the game.

ARE WE HAVING FUN YET? Jen Klaus took time out from dancing for a picture.

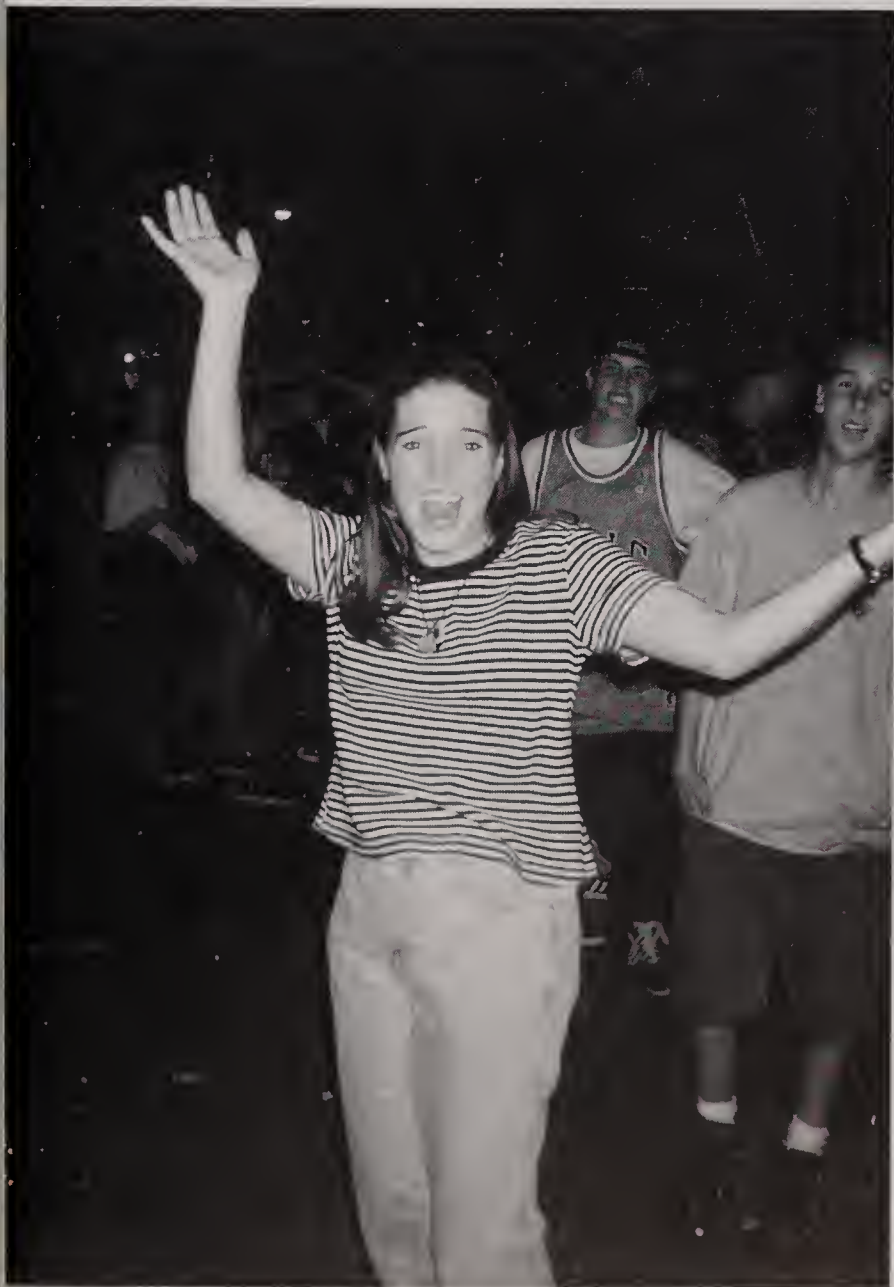

AREN'T THEY CUTE.! Mike St.Louis and Shannon Vitto are congratulated by Mr. Smith for being elected the Junior Class Homecoming court

THE ROYAL HOMECOMING COURT OF 1995; 8th graders Dan Carney and Courtney Sherlock, Sophmores Matt Heriot and Brandy Cabino, Seniors Molly Grimes Rob Krafty, Elaine Elliot, Kevin Fisher and Maura Gallagher, Juniors Mike St. Louis and Shannon Vito, and Freshman Andrean Holding and Ian Kitzmiller.

Homecoming

This year's Home coming was better than ever! The Homecoming dance sponsored by the Student Council was held on Thursday September 28, 1995 at 8 P.M. in the F.H.S Cafeteria. This year's dance was a hit, students from all grades came out to show their spirit and to hear this year's Homecoming Court announced. The Homecoming game was a hit as

well! Kira Chamberlain, accompanied by the band, began the festivities by singing the National Anthem. Sophomore Style

The Sophomore class was full of Spirit and energy this year. They had not just one but three fund-raisers. All the money that they raised went toward their class rings and their Sophomore Banquet. Now the Sophomores have their very own symbols of their wonder year's at F.H.S. The Sophomore Banquet held in March was enjoyed by everyone. Thank's to Class Advisor Mrs. DiMarco and her class officer's, they made this year's Sophomore Class ready to take the next step to becoming Juniors.

Could that smile get any bigger? Heather Edwards grins as she proudly shows off her wonderfully decorated locker.

The 9th grade worked very hard this year on all their activities. They sold over 600 items in their fund-raiser to earn money for their freshmen banquet. The theme for most anticipated event the freshmen banquet was Sun, Moon & Stars. The class officers; president, Andrea Souza, Vice President, Jess Joani dies, Secretary, Averil Ashe, and Treasurer, Sam Lynch along; with the with the advisors Lisa Murch and Mrs. Eckhardt, worked very hard to plan all activities. They did their job very well and made sure everyone understood what was going on at all times of the school year.

Is there something on my face? Brooke Toubou wondered why everyone was staring at her.

Is that camera aimed at me? Jen Mangini and Leah Giardino pause before cheerleading practice with just enough time for a picture.

8th Grade Candida

This year's eighth grade class didn't take long to fit in! After the initial "breaking in" period, they soon found themselves right at home. They participated in many activities, including sporting events and dances sponsored by the CYO and Peer Leadership. They share in the spirit of F.H.S. Now as the last 8th grade class to be in Franklin High School, they are looking forward to their long eventful years at F.H.S.

YO GUYS! What's Up? Shawn Finnegan and Ricky Hohenberger show 8th grade enthusiasm.

REMEMBER WHEN? Mike Hahn struggles to find the answer.

WHY ARE YOU TAKING MY PICTURE? Diane Babbitt and her friends give us a look as if we were disturbing their conversation.

The Marching Band marched their way to success! During the half-time shows at our home football games, they paraded around along with the Color Guard playing their wonderful melodies. Their teacher Ms. Cavanaugh, along with drum majors Kelly Corbett, Laura Hake, and Peter Norman, worked to keep them in order. With lots of practicing at home and at school our FHS Marching Band sounded absolutely terrific.

Color Guard

Front Row Left to Right: Jennie Coughlin, Gail Sparacino, Captain Jessica Ewing, Co-captain Noelle Carpenter, Anne Forgit, Kareen Amus **2:** Jenny Murphy, Megan Coughlin, Diane Babbitt, Amy Cleary, Bridget Russo.

The Colorguard, led by captain Jessica Ewing and co-captain Noelle Carpenter, performed at the home football games for the halftime shows. They wore new uniforms this year consisting of blue pants and white shirts. They turned heads in these fantastic FHS colors. Practicing several times a week paid off at the 2 MICA Festivals they performed at. They recieved three stars in both competitions, which is equal to a bronze medal. This was a great season for the colorguard. For the senior members, this is the end of the fun memories, but for the underclassmen, there are many more to come.

The wonderful music program was enhanced by our three incredible choruses! The high school, 8th chorus, and select chorus' worked very hard this year to make our school ring with music. Under the direction of Mr. Gianetti and Mrs. Beaudion, all three choral groups came out sounding perfect and amazed everyone at all the concerts.

High School Chorus

The Select Chorus is a select group of people who love to sing that take time out of their busy schedules to sing. Although the select chorus is under a different director, these girls sound absolutely terrific! This year it is under the direction of Mrs. Beaudoin. She also teaches the chorus class at the Horace Mann Jr. High. The select Chorus this year is singing a lot of three part harmonies, which is it's specialty.

Orchestra gives it their all! It was apparent at the concerts and the MICA competition that these were a dedicated group of kids. Only meeting once a week as a group forced everyone to practice extra hard when they were at home. With Mr. Gianetti conducting, this was a great group to be a part of.

The Junior Jazz Band, consisting mostly of 8th graders and freshman, kept us rocking throughout the year. Conducted by Ms. Cavanaugh, their young spirit showed in their three lively concerts. Their talent and hard work this year will surely shine when they step up to the higher level Senior Jazz Band in years to come. All in all, they were a pleasure !!!

National Honor Society!

An association devoted to excellence, National Honor Society set the standard of outstanding achievement. With the leadership of the president, Molly Grimes, the society aids the community in many ways. This year the society welcomed a new advisor named Mrs. Gorman. With the aid of Mrs. Gorman, the group was able to fulfill many projects that benefited the community. The projects that funded by the society were handled expertly to yield great results. The society is devoted to encourage a communal spirit around the town. National Honor society is a group that has it's place in the town of Franklin, as well as in its schools.

Quill and Scroll is a national organization devoted to excellence in journalism. This year seven members were inducted. Currently Franklin is honored to have nine members in this prestigious organization.

Left to Right. Front Row: Colleen Griffith, Jaime Helmuth, Amy Padden. Carissa Langille. Back Row: Alison Hawkins, Rajeeb Das, Kevin Babbit and Jen Coughlin.

Ski Club

The 1996 Ski Club had lots of fun this year. They bundled up in layers every Thursday to head to Wachusett Mountain to ski the night away. Beginning in January, the group battled even the coldest weather conditions just to have their fun. The Ski Clubs advisors, Mr. Currie and Mr. Ferrari, all bundled in their ski attire, had just as much fun as the hundred students that participated in this Club.

Say hello to the peerleaders! This dedicated group of people are known for promoting causes such as no smoking, no drinking etc. They also helped to welcome the 8th grade by having an orientation and sponsoring a dance. They also welcomed any new FHS students, and helped them get accustomed to the school. With help of their advisors Martha Donovan, Catherine Polis, and Thomas Geyson, the peer leadership kids gained the reputation of being excellent role models for the school.

Front Row Left to Right: Kevin Langlais, Jaime Helmuth, Gail Sparacino, Lesley Douglas, Heather Robar, Jessica Roeber, Alissa Ferland, Cathy Croak, Erica Gottberg, Brianna Spangler, Peter Norman. 2: Kelly Corbett, Julie Chelman, Jill Harris, Madeline LeJune, Carol Dancy, Laine Kittredge, Tracy Minkle, Hina Patel, Alison Hawkins, Katie Ross, Brian Nichols, Chris Aitken, Steve Shannahan. 3: Molly Grimes, Karen Contursi, Betsy Chaffee, Beth Keough, Leigh Kittredge, Alicia Doyle, Denna Cahoon. 4: Drew Wagner, Joe Cahoon, Elaine Elliott, Ryan Rouillard, Bob Schultz, Auggi DeBaggis, Alan Peterson, Darcy Langlais, Chris Gustavsen, Mike Gurry, Justin Smith, Matt Frascella, Dan Artale, Matt Keras.

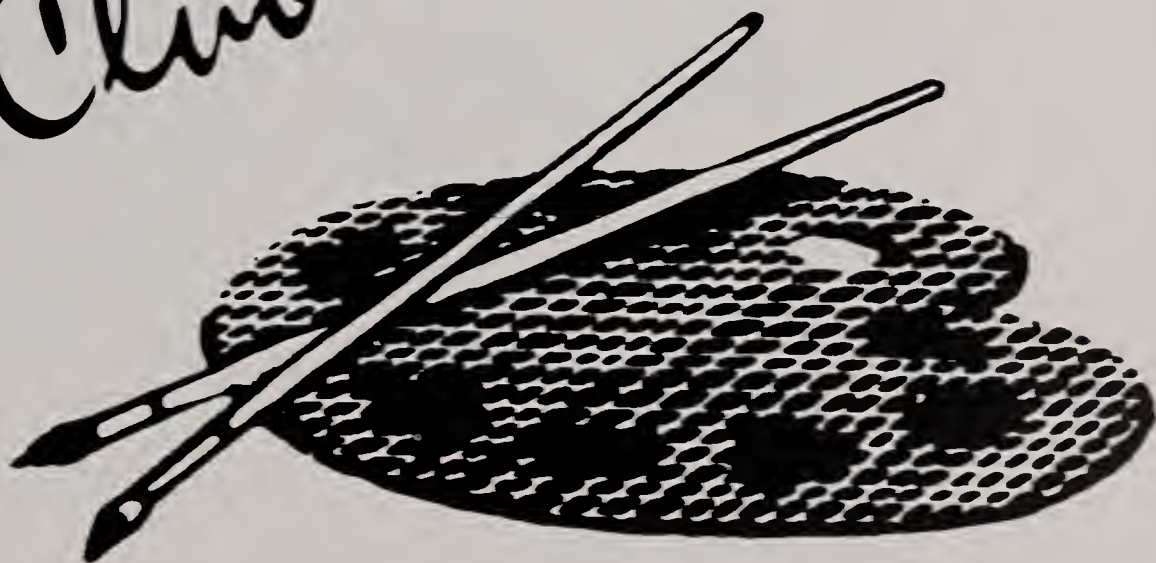

The Math Team

Front Row Left to Right: Jon Tirrell, Colleen Griffith, Carissa Langille, Jennie Coughlin, Adam Sannicandro . 2: Ken Cho, Nick Whritenour, Jason Williams, George Krol, Matt Alger .

The Math team, coached by Mr. Loper has been going strong for at least 11 years now. This especially talented group of people competed with their exceptional Math skills competing in Arithmetic, Algebra I, Geometry, Algebra II, Trigonometry, and team problem solving. This year, some of their toughest competitors were Foxboro and Attleboro. They did a great job in all their competitions, and made all of FHS very proud of them.

The Art Club

Front Row Left to Right: Katie Ross, Alissa Ferland, Laura McKelvie, Elizabeth Winberg, Julie Creech. 2: Ryan Boelzner, Renee Boutin, Nate Mulliken, Jason Gillis, Erin Taylor.

We had a lot of talented artists in the group this year. They did a lot of great work that deserved to be (and was in!) museums. Some of our most talented artists were the new eighth graders. All of the people in this club are great at their work and deserve credit!

The Drama Club

The Drama Club's second year was even better than it's first. To raise money for this year's play, they held bake sales at Parents' Night and after school this year. Their number one production was a murder/comedy/mystery known as "A Murder Among Us", written by Billy St. John. The production was held in February, and all who attended had a great time. With the help of their advisor, Ms. Marie Shaw, they now have a talented group of hopeful actors and actresses.

The Classics Club

The Classics Club was a fun-filled club open to all students specifically Latin Scholars. The high-spirited group of individuals participated in many competitions this year including a day in November and May. The events at the competitions ranged from chariot races and balloon catabolting to written Latin Tests. Franklin students managed to win an award in the catabolting contest and many of the others they competed in. They also took part in a Certamen in which teams representing 15 different schools competed by answering questions in a certain period of time. With the encouragement of their advisor Mr. Lynch member of the Classics Club had an absolute blast this year.

The elected members of our Student Council were very dedicated in helping different causes throughout the year. They helped to organize the Homecoming Elections, the dance and the game. All elections for class officers and student council officers were held by this great group. They also ran student government day, and a Turkey Raffle where they cooked three turkeys for Thanksgiving. All proceeds were given to a nearby shelter. In addition the group also ran a Thanksgiving Day food drive for the Franklin Food Pantry, and a coat drive for the homeless. Helping to bolster the F.H.S spirit, they ran Pep Rallies at the end of each sports season. With the help of their advisor, Mr. Joseph Ferrari, they managed to do many different things for a variety of people.

Model Senate

They had fun in Model Senate, this year they created bills with Mr. Johnston, and then the Senate enjoyed trying these bills in their own court system. This was to help prepare the group for a career in government, or any place they would like to see themselves in ten years.

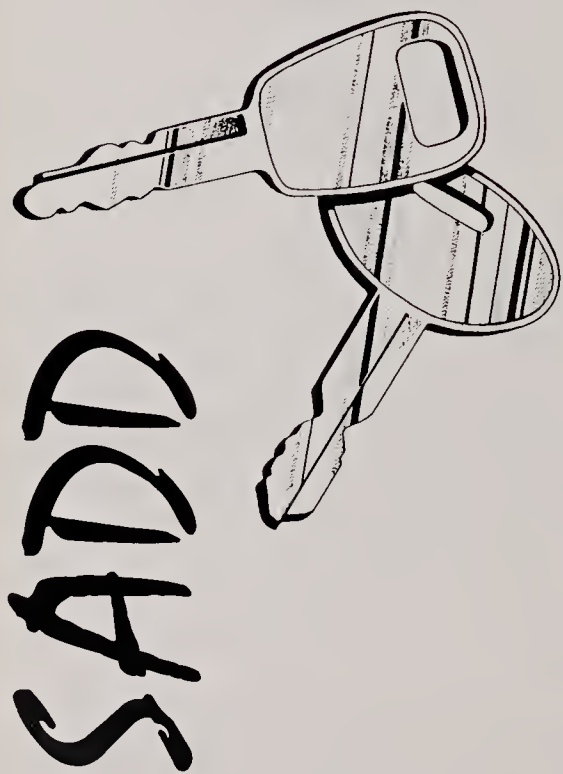

Yet again, Panther Pause had a dedicated and hard working staff. They worked diligently with their advisor, Ms. Jennifer Briggs, to produce quality publications throughout the school year. Last year, the F.H.S "Panther Pause" won a third place award from the Columbia Scholastic Press Association, one of the most prestigious honors given to a school newspaper.

The Franklin High School SADD (Students Against Drinking and Driving) ran differently this past year. There was a Board of Directors, overseen by, co-chairs Jaime Helmuth and Carissa Langille, and advisor Mrs. Martha Donovan. The Board strove to promote awareness and held many activities with the help of their active members. They held a limousine raffle for the Juniors and Seniors. Instead of money the group collected canned goods to benefit the Franklin Food Pantry. They also held events such as The Chain of Life, The Trail of Tears, and the annual SADD Awareness Day, which was hosted by Franklin this year.

The 1996 DECA program included the students from a variety of marketing and business classes. This group went to a few conferences this year, including a leadership conference in Vermont. During these conferences they would do many things, including picking a career field and exploring it through taking different tests and projects. Their first competition this year was in February at the Mansfield Sheraton. This group, consisting mostly of Juniors and Seniors, also ran Paw Prints, the F.H.S School Store. Running the store gave them the experience as to what it would be like to run a real business in the future.

F.H.S. Oskey Yearbook

The school is dark. The hallways are empty. Not a soul can be heard. Another day at FHS is officially over and- wait- what's that? As you follow the sound you are taken to The Yearbook room . A thin beam of light is coming from the closed door located in the back. As you draw closer, the murmur becomes louder- there is a definite energy in the air. With curiosity and wonder you slowly open the door and- BAM! YOU HAVE ENTERED THE YEARBOOK ZONE!

Editors are screaming, pictures are flying, computers are beeping and the remains of pizza crust can be seen on desks around the room. Once again, yearbookers are racing to beat the deadline clock. These co-workers and friends, along with their fearless advisor Mr. White, pull together to create a "spectrum" of memories as the true colors of students and faculty shine through each page of their book. "Being part of yearbook takes alot of time, energy and tolerance for stress," said Lesley Douglas, "but when you finish and have the final product in your hand- it all seems worthwhile."

A Day in the Life of F.H.S. Yearbook

SAY HELLO TO THE YEARBOOK STAFF! Surprisingly the only time we could all get together.

This years Oskey Yearbook "A Never Ending Circle" turned out to be a never ending job for all who put in long afternoons, that often ran into nights, to make this book great. Over the summer Editors-in-Chief, Seniors Lesley Douglas and Rajeeb Das along with Assistant Editor, Junior Jessica Roeber attended a three day year-book conference, in Stamford, Connecticut sponsored by our publishing company, Walsworth. Although unable to attend the Conference, our other Assistant-Editor, and vital part of our staff, Junior Matt Kelly joined us on our return home to Franklin. Armed with a theme, a cover, and some fantastic ideas, the staff was ready to give it their all. We set out on what seemed to be a never ending journey to make the 1996 Oskey Yearbook the best it could be.

Being Editors of our yearbook has definitely been one of the most difficult and challenging tasks we have ever encountered. We stayed after school for hours every-day, with little or no staff, designing layouts, taking pictures, and above all stressing out. But with Matt's organization, he single handedly made sure that yearbook was top priority and that each section was completed. Although we have complained about the job, we have no regrets. It is a terrific experience that all of us, Matt and Jessica included; have profited from it greatly. We have found a sense of leadership involved in being editors and it makes us proud to know we have put this book together. We only wish this fantastic experience could have been shared with more of you, but we are grateful for the help we did have; thanks guys, you all know who you are.

In closing, although I don't think we finished any of our deadlines on time and were always working until the very last second, our yearbook is finally finished. We can only hope that when you look through your yearbook and the reminisce about the good times we've all shared, that there will be smiles on your faces. As Senior Editors of the yearbook, Lesley and Rajeeb sincerely hope you enjoyed this year's Oskey. Good luck in the future.
